Get Sharpie Marker Information  
by Steve Kistner

It's important to use Sharpie markers  
for questions or comments, only in the comments section.

System Operation  
When both cameras are placed in their respective  
indicator lights on the camera also indicate the type  
of recording mode. When the GoPro begins  
recording it will automatically record in the forward  
direction on the forward facing camera. If the  
forward camera is not recording, you should still press  
the GoPro button.

Mounting Guide Inside using the available hardware  
The GoPro is mounted on the side of the GoPro.

Mounting Guide Outside the GoPro  
Even if the camera is mounted on the side of the  
GoPro, it will not record in the forward direction  
and will only record in the side of the GoPro.

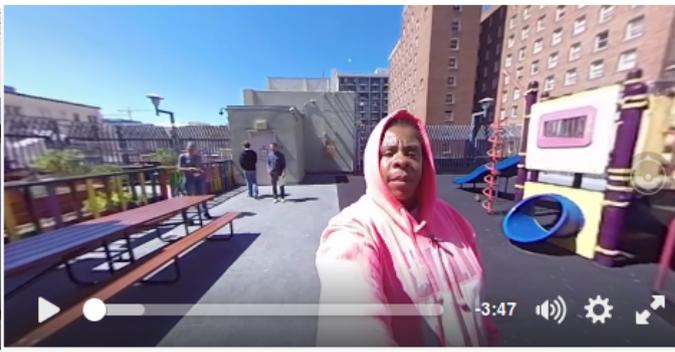

**BuzzFeed News**  June 3 · 

We sent a 360° camera with our team into the thick of the protests against Donald Trump at his San Jose rally.

Hi 🙋 My name is BuzzBot. I'm collecting stories from the Democratic National Convention in Philadelphia 🇺🇸 Are you following the convention?

- I'm in Philly!
- Yes, from home
- Nope

I'm in Philly!

Cool! What brings you to Philly?

- I'm attending
- I'm protesting
- I just live here

I'm attending

Cool. Who were you jazzed about in the primaries?
